Subject: Re: ELECTRICAL RECEPTACLES

Hi Robert,

I'll forward this along for proposal now. I'm sure this will fall under the micro purchase threshold so you'll most likely be able to pay the lessor directly via credit card instead of going the RWA route. We'll know for sure once pricing comes back.

Sincerely,

Good afternoon Robert,

In order to support the NERL Las Vegas EDDP/Consolidation efforts, I would like to install two (2) electrical receptacles on the North wall of the Sunrise Warehouse office space. The electrical receptacles will service the laminator/plotter on the North wall. Please refer to the attached SOW and Floor Plan/Diagram for details.

We are relocating some of our personnel and activities from the UNLV Campus to the warehouse office area at the end of this month while the environmental sampling is underway. I would like this work request done ASAP.

Thank you,

Robert W. Andrews Jr.
